REPORT OF THE ELECTRIC LIGHT COMMITTEE

The total revenue for the year from the electric light system was \$5,845.52.

New services were run to the residence of George Webberson, Fred Cox, Horace Hanson and Abbott Fuller and changes and additions were made in the services of several old customers.

A third wire was run from the main line to the Pierce mill. This added considerable expense for which no provision was made in our appropriation but we felt that such an extension should be made to encourage an industry and it also added a substantial load to the system.

Further progress was made in the pole replacement project started in 1943 but there are still about 75 poles to which our wires have not been transferred. It was necessary to draw on the Replacement Fund to cover a part of the cost of this work.

We are asking for a larger appropriation for this department for the coming year as we expect to transfer our wires to the remaining new poles and we hope that labor will be available to do a substantial amount of trimming.

We herewith submit a financial report for the year.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD OF HANCOCK

I submit herewith my twelfth annual report with the statistical summary and the annual health report by Miss Margaret E. Harris, R. N.

The enrollment for the fall term for all grades and the high school was 106 as compared with 99 for the same period last year, the average membership was 99.56 and the average attendance 95.36.

The work of the senior high school has been carried on very successfully. The junior high grades have been receiving special attention and every effort is being made to secure proper pupil adjustment to the work as outlined.

The primary and intermediate grades are under the same teachers as during the past two years, Mrs. Black teaching grades four, five and six, and Miss Welsh the first three grades.

Miss Margaret Robb was secured again this year to carry on the supervision of music in the high and elementary grades. Her work has been outstanding. We have been fortunate to have been able to secure her services during the past two years.

The mounting cost of living makes it necessary to consider salary increases again this year. New and inexperienced teachers are demanding higher salaries at the start than most towns have paid to teachers with years of experience.

At this time I wish to thank the School Board, Teachers, Pupils, and Citizens for the support given me during the past year.

Sincerely yours,

LEWIS S. RECORD,
Superintendent of Schools.
